### **VH-003**

1. Before starting lay out all parts to your mount and match them to the parts list provided. Verify that you have all your parts before attempting to assemble the mount.

2. Snap off the plastic covers (#2, #5, and #7) on the wall plate (#8). Mark the wall or desired mounting surface in preparation of installation of wall mounting plate (#8). Pre-drill if necessary and mount wall plate (#8) to desired surface using the wood screw (#6) or hardware appropriate for your mounting surface. (Note: wall plugs (#9) are provided if needed) **Warning:**

***Please verify that your mounting surface will support the combined weight of your mount, mounting hardware, and monitor. Also verify that the mounting surface is safe to drill through. If in doubt about either please contact a professional installer.***

**Step 2 : Mounting the wall plate**

**Step 3 : Stacking VH-003 units in series**

3. ***If you plan to stack multiple VH-003 units proceed with this step otherwise skip to the next step.*** Insert the tab of the next VH-003 wall plate (#8) into the cut out of the mounted VH-003. Mark the wall or desired mounting surface in preparation of installation of the next wall mounting plate (#8). Pre-drill if necessary and mount wall plate (#8) to desired surface using the wood screw (#6) or hardware appropriate for your mounting surface. Repeat until all the desired VH-003 wall plates (#8) are mounted.

4. Insert the support ring (#1) into the wall plate (#8). Place the plastic connectors (#3) on the support ring (#1) approximately 90 degrees apart from each other.

**Step 4 : Connecting the support ring to the wall plate**

5. Snap the plastic plate(s) (#7) onto the wall plate(s) (#8). Snap on the top and lower plastic covers (#2 and #5) onto the plastic plate (#7). If using multiple VH-003 units only place the plastic top cover (#5) on the top most plastic plate (#8) and the plastic lower cover (#2) on the bottommost plastic plate (#7). The plastic plates (#7) should mate together when stacked.

*Enjoy your mount!*

***WARNING: The installer of these products must verify that the mounting surface, ceiling or wall, will safely support the combined weight of all attached equipment and hardware. Video Mount Products will not be held liable for the improper use or installation of its products.***
